MEET THE DIRECTOR

Erica Nations

My name is Erica Nations and I am very proud to be the director of Weekday Children's Ministries. I have worked in childcare for 14 years. During my career, I have worked with every age group and found Pre-K to be my passion. I love watching children learn to play together, be successful in a school setting, and gain an understanding of the world around them through hands-on interactions. I was raised right here in downtown Monroe and moved to Marshville when I started High School. I currently have a Bachelor's Degree in Educational Studies.

My hobbies include spending time with my family. Christopher and I have been together for over 11 years and we have a beautifully blended family. Together we have 4 boys who are 17, 16, 15, and 8 years old and 2 daughters who are 13 and 12. My boys play football and my daughters play volleyball so we spend most of our time at practices and games but when I do have free time I love to watch Hallmark and Christmas movies.

My goal for your child this year is that they gain the independence and academic skills to be successful in Kindergarten, school and life. This is only the beginning of their education journey and it is my hope that they all become lifelong learners.
