My name is Erica Kirby and I have worked in childcare for 17 years. During my career, I have worked with every age group and found Pre-K to be my passion. I love watching children learn to play together, be successful in a school setting, and gain an understanding of the world around them through hands-on interactions.

I am a Monroe native with a wonderful husband and a beautifully blended family. Together we have 4 sons and 2 daughters.

My goal for your child this year is that they gain the independence and academic skills to be successful in Kindergarten, school and life. This is only the beginning of their education journey and it is my hope that they all become lifelong learners.

Ms. Kirby
