- 9. If you plan to donate your items, you need not come Saturday afternoon.

SHIFTS:

- 1. Please report to the Big Ticket Table located on the Sale floor at the beginning and end of your Shift to sign in and out.
- 2. Please remember to wear your consignment sale t-shirt (receive at Thursday drop-off).
- 3. Note: when you are working your Shift, please refrain from bringing any children who require supervision. This is unsafe and distracting to your fellow workers. If you do, you will be asked to leave and be considered a 70% Seller. Be sure to sign up for a Shift that is convenient for you!

TAGGING TIPS AND TRICKS:

- 1. Make use of the fillable Seller Tags PDF or print and make copies just be sure to print your name or initials and Seller Number before you copy saves a lot of time and energy.
- 2. Price items in 50 cent or whole dollar increments. (NECESSARY FOR OUR COMPUTER PROGRAM)
- **3.** Baby items sized 0-6 months do not sell well if priced too high (Baby sleepers sell best at around \$2.00 or so). Price them slightly lower than you would initially consider... chances are they will sell quickly that way!
- 4. When taking clean clothing out of storage, put them in the dryer with a wet towel and a softener sheet. That should take most of the wrinkles out and make them smell fresh. Consider ironing special outfits.
- **5.** Items that are clean and ironed sell better!
- 6. Place small items like hair bows and socks in sealed zip-lock bags. Please securely tape to tag to the OUTSIDE of the bag.
- 7. Placing shoes in zip-lock bags is suggested.
- 8. Safety pin 2-piece items (top & pants) together label with one Seller Tag and note that there are 2 pieces.
- 9. If you have large items, such as cribs, pack 'n plays, etc, which are disassembled for selling, consider taking a picture while assembled or downloading a picture from the manufacturer's website for printing and attach it to the Seller Tag. Helps potential buyer see what the item looks like.
- 10. Save pins and hangers from the items you buy at the Sale—you can reuse them when doing your tagging for the next sale.
- 11. See the pricing guideline below for suggestions.
